# Setting up “Show Your Work” Questions in Blackboard with Respondus Lockdown Browser using Wayground

# Objective

To setup and run an exam in which the students are locked into a single browser screen on their main device, but they are still able to submit hand-written work.

This slide deck covers this in two main steps:

- 1) Setting up the exam with a Wayground Element
- 2) Setting up Respondus Lockdown Browser

Setting up the Exam with a  
Wayground Element

# Create Content

The screenshot shows a web browser window with the address bar displaying `elearn.lau.edu.lb/ultra/courses/_62645_1/outline`. The page title is "Content / Demo course - Ultra". The main navigation bar includes "Courses", "Demo course - Ultra", and "Course Settings OPEN". The secondary navigation bar lists "Content", "Calendar", "Announcements", "Discussions", "Gradebook", "Messages", "Analytics", "Groups", "Achievements", and "Student Preview".

The main content area is titled "Demo course - Ultra" and features a "Course Content" section. Under "Course Content", there is an "Exams" item with a sub-option "Visible to students". Below this, a "Create" button is highlighted with a large orange arrow pointing to it. The "Create" dropdown menu is open, showing the following options:

- Create
- Copy Content
- Upload
- Cloud Storage
- Content Market
- Content Collection
- Learning Object Repository

On the right side of the page, there is a "Course Faculty" section listing two instructors: Milad Dwaihi and Sara Hassoun. Below this is a "Details & Actions" section with various course management options like Roster, Course Image, Class Collaborate, Attendance, Books & Tools, and Question Banks.

The Windows taskbar at the bottom shows the time as 8:42 PM on 4/7/2026.

# Add a Test

The screenshot shows a web browser window with the address bar displaying `elearn.lau.edu.lb/ultra/courses/_62645_1/outline/create?parentId=_1612453_1&positionBefore=start`. The page title is "Create Item". The main content area is titled "Demo course - Ultra" and shows a "Course Content" section with an "Exams" item. The "Create Item" modal is open on the right, listing the following options:

- Course Content Items**
  - Folder
  - Document
  - Link
  - Teaching tools with LTI connection
  - SCORM package
- Assessment**
  - Test** (highlighted with an orange arrow)
  - Assignment
  - Form
- Participation and Engagement**
  - Discussion

The bottom of the browser window shows the Windows taskbar with the time 8:47 PM and date 4/7/2026.

# Create an "Essay question"

The screenshot shows a web browser window with the URL `elearn.lau.edu.lb/ultra/courses/_62645_1/outline/assessment/Test/_1620110_1?courseId=_62645_1&gradeitemView=details&gradebookCategoryId=_555165_1&autoPostGrades=true`. The page title is "Exam with Wayground" under the heading "Demo course - Ultra". A "Hidden from students" toggle is visible in the top right. The main content area has tabs for "Content and Settings", "Submissions (0)", "Student Activity", and "Question Analysis". A central dropdown menu is open, listing various question types. The "Add Essay question" option is highlighted, and an orange arrow points to it from the right. To the right of the menu is the "Assessment Settings" panel, which includes sections for "Due date" (Tomorrow, Thu Apr 16, 2026 11:59 PM (UTC+3)), "Grade category" (Test), "Grading" (Points | 0 maximum points), "Attempts allowed" (1 attempt), and "Originality Report" (Enable SafeAssign). A "Allow students to add content at e" toggle is partially visible on the left side of the menu.

The screenshot displays the Blackboard assessment editor interface. The browser address bar shows the URL: `elearn.lau.edu.lb/ultra/courses/_62645_1/outline/assessment/Test/_1620110_1?courseId=_62645_1&gradeitemView=details&gradebookCategoryId=_555165_1&autoPostGrades=true`. The page title is "Exam with Wayground" under the "Demo course - Ultra" header. A "Hidden from students" dropdown is visible in the top right.

The main content area is divided into two sections:

- Test Content:** This section contains "Question 1" with a point value of "1 point" and an "Extra Credit" checkbox. The "Question Text" field is active, showing a rich text editor with the text: "In this test, you will provide your answers via the Wayground item below." An orange arrow points to this text field. Below the editor is a note: "Press Alt + F10 to access toolbar options".
- Assessment Settings:** This sidebar contains several configuration options:
  - Due date:** Set to "Tomorrow" (Thu Apr 16, 2026 11:59 PM (UTC+3)).
  - Grade category:** Set to "Test".
  - Grading:** Set to "Points" with 0 maximum points. A note states: "Post grades automatically when assessment is graded. [Change grade posting setting.](#)"
  - Attempts allowed:** Set to "1 attempt".
  - Originality Report:** Set to "Enable SafeAssign".

At the bottom of the "Test Content" section, there are two toggle switches for "Example of a correct response": "Question metadata" (disabled) and "Allow students to add content at end of assessment" (disabled). "Cancel" and "Save" buttons are located at the bottom right of the question editor.

The page title is "Exam with Wayground" and it is marked as "Hidden from students". The interface includes tabs for "Content and Settings", "Submissions (0)", "Student Activity", and "Question Analysis".

The "Test Content" section displays "Question 1" with a value of "1 point" and an "Extra Credit" checkbox. The question text reads: "In this test, you will provide your answers via the Wayground item below." Below the text is a rich text editor toolbar with various icons. A dropdown menu is open from the toolbar, listing options: "Math", "Image from URL", "Embed Media", "Content Market", "Cloud storage", and "YouTube video". An orange arrow points to the "Content Market" option. A "Save" button is visible at the bottom of the dropdown.

The "Assessment Settings" section on the right includes:

- Due date:** Tomorrow, Wed Apr 22, 2026 11:59 PM (UTC+3)
- Grade category:** Test
- Grading:** Points | 0 maximum points. Post grades automatically when assessment is graded. [Change grade posting setting.](#)

# Check the Wayground activity report

The screenshot shows the Wayground activity report for a test titled "Test Techlss". The interface includes a sidebar with navigation options like Home and My library. The main content area displays test statistics: Accuracy at 72%, Participation Rate at 100%, 3 of 3 participants, and 6 questions. Below these are class insights showing 3 completed, 0 incomplete, and 0 unattempted tests. A navigation bar at the bottom of the main content area includes tabs for Overview, Participants, Questions, Accommodations, Standards, and Anti-cheating. The Anti-cheating tab is highlighted with an orange arrow. Below the tabs, there is a section for "3 students with alerts" with a Settings button. A table lists the alerts for three students: milad.dwaihi (5 alerts, including Left fullscreen, Tab switch, and Window resize), Jordan LuddersSrour (1 alert, Tab switch), and Douaa Zaidan (2 alerts, Left fullscreen and Tab switch). Each row includes a Remove button. The top right of the interface has buttons for Edit Questions, Edit Settings, Fix Grade Errors, View live leaderboard, and End. A purple question mark icon is visible in the bottom right corner of the interface.

# Running the Test

- Release the test link to the students as usual
- Watch them via the videos in your WebEx meeting

## **Helpful Hints to Tell your Students**

- Download Respondus before the Test.
- They can expand the Wayground element into a new tab in Respondus.
- Navigate back to the test tab once done working in Wayground
